

## We Are One (Duet for Jeff and Sandy)

[Sandy-M]           C           F                   G                   C           F           C           Dm7 G  
*As the two flames become now one, so our life has just begun!*

[Jeff-H]           Am           Em           F                   C                   C           F                   C  
*See the light; feel the warmth of the fire stirring in my heart!*

[Jeff -M]           C           F                   G                   C           F           C           Dm7 G  
*As the two flames become now one so our life has just begun!*

[Sandy-H]           Am           Em           F                   C                   C           F                   G  
*See the light; feel the warmth of the fire stirring in my heart!*

[S-M....J-M]           C           G           Am                   F                   C           Dm7           G  
*May the flame burn bright! May it light the world around us!*

                  C           G           Am                   F                   C           Dm7           G  
*May the grace of God come & fill us & surround us!*

                  Am G           F                   C           G           Dm7  
*May this love stay strong come what may*

                  C           G           Am                   F                   G           C  
*May the flame burn bright in our hearts each day.*

[S-M...J-H]           C           F                   G                   C           F           C           Dm7 G  
*As the two flames become now one so our life has just begun!*

                  Am           Em           F                   C                   C           F                   G \*A7  
*See the light; feel the warmth of the fire stirring in my heart!*
